

# MWANZA FOGARTY RESEARCH TRAINING PROGRAM 2022-2023

## ABOUT THE PROGRAM

Supported by the Fogarty International Center at the National Institutes of Health, this research training program is designed to increase the number of clinical investigators in Mwanza with rigorous training in patient-oriented HIV research. Applicants interested in mentored research training in the following HIV-related research topics are encouraged to apply: HIV prevention and vaccine research, implementation of HIV testing and treatment, women's health and HIV, HIV and co-infections, and HIV and cardiovascular disease.

Participants in the program may be sponsored to enroll in the MSc in Epidemiology and Biostatistics or PhD program at the Catholic University of Health and Allied Sciences (CUHAS).

## APPLICATION REQUIREMENTS

The following documents are required to apply for the Fogarty Research Training Program:

- ✓ One-page summary of your education and experience to date, your career goals, and a brief summary of your proposed research project
- ✓ Curriculum Vitae
- ✓ Letter of support from your mentor

## APPLICATION PROCESS
